SHIRAZ

This wine is made entirely from grapes grown in our own vineyards. Shiraz is the most important red variety of Australia with origins in ancient Persia and the Rhone River Valley of France.

The variety was introduced to this country by the University of California at Davis. We believe the Shiraz grape is ideally suited to produce enjoyable wines from our Temecula soil and climate.

We cordially invite you to visit Mount Palomar Winery and to enjoy all of our Mount Palomar Wines.
